

Rubber Coating Manufacturing (Pty) Ltd

Reg no: 2016/352514/07
Vat no: 4260 279 874

62 Paterson Road,
North End,
Port Elizabeth

MATERIAL SAFETY DATA SHEET

Waterproofing Tape

Product Description:	Flashing Tape
Hazardous Identification:	Not hazardous to human health

FIRST-AID MEASURES

Inhalation:	Inhalation not likely due to nature of material. If particle generated from grinning or sanding are inhaled, remove the person from the contaminated area to fresh air
Skin Contact:	Remove contaminated clothing and shoes. Wash affected areas with soap and water
Eye Contact:	In case of contact, hold eyelids apart and immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately if irritation develops and persists
Ingestion	Get medical attention immediately. DO NOT INDUCE VOMITING. Never give anything by mouth to an unconscious victim.

FIRE FIGHTING MEASURES

Flammability Class:	Non-Flammable
Fire And Explosion Hazards	During a fire carbon monoxide, carbon dioxide, oxides of nitrogen and sulfur, hydrogen sulfide, and irritating and/or toxic gases may be generated.
Extinguishing Media	Carbon dioxide, water, or dry chemical.
Fire Fighting Instructions	Firefighters should wear self-contained breathing apparatus and full protective gear.

ACCIDENTAL RELEASE MEASURES

Collect and dispose in accordance with applicable regulations. Avoid release to waterways and sewers.

HANDLING & STORAGE

Keep containers tightly closed. Store in a cool, dry, well-ventilated area. Protect from heat sparks, or flame. Use only with adequate ventilation. To avoid dust-generating means of clean up. The storage area needs to be well ventilated, no open flames are allowed in the storage area, and direct sunlight is avoided.

Rubber Coating Manufacturing (Pty) Ltd

EXPOSURE CONTROL/ PERSONAL PROTECTION

Skin Protection	Normally not required. Recommend using with protective gloves and apron to prevent skin contact.
Respiratory Protection	Normally not required. If respirator is required due to secondary, the level of respiratory protection needed should be. based on the evaluation of chemical exposures by a health or safety professional
Personal protective equipment:	No special protective equipment required.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Flexible sheet roll
Chemical Type:	Mixture
Physical State:	Solid
Colour:	light yellow adhesive

STABILITY AND REACTIVITY

Stability:	Stable
Hazardous Polymerization:	Not expected to occur
Conditions To Avoid (Stability)	Extreme temperatures, open flames, and strong oxidants
Hazardous Decomposition Products	Decomposition not expected to occur if handled and stored properly.
Conditions To Avoid (Polymerization)	Incomplete combustion

TOXICOLOGICAL INFORMATION

None of the ingredients present in this product, at concentrations equal to or greater than 0.1%, have been determined to be carcinogenic by IARC, NTP, OSHA, or ACGIH.

ECOLOGICAL INFORMATION

Ecotoxicity:

No deleterious toxic effect

Environment Fate:

No effect on environment fate or biodegradation

DISPOSAL CONSIDERATIONS

Product-Recommendation	Consult state, local, or national regulations to ensure proper disposal.
Uncleaned packaging-Recommendation:	Disposal must be made according to official regulations.

IATA: None

Environmental hazards

ADR/RID : No
IMDG Marine Pollution: No
IATA: No

REGULATORY INFORMATION

Product related hazard

Information:

Observe the general safety regulations when handling chemicals.

National regulations:

All components of this product are listed in the EU Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory.

Information about limitation of use:

For use only by technically qualified individuals.
